

The Fleury Winds project is majority-owned by the Manitoba Metis Federation (MMF), the National Government of the Red River Metis, and being planned through its Red River Metis Power Corporation in partnership with Renewable Energy Systems Canada.

While the project is being led by external project proponents, the following information is provided to help keep residents informed.

Project website: fleurywinds.ca/

All questions or concerns should be directly addressed to: Fleury.Winds@RES-GROUP.COM

- The appropriate representative will respond, depending on the nature of the inquiry.

The project is a conditional use under the Zoning By-Law. The Zoning By-Law is here: [Municipality Of Rosedale | Neepawa And Area Planning District | Neepawa](#)

February 13, 2026

• RES Group made a presentation to council. This presentation was initiated by RES Group and was not solicited by the RM of Rosedale.

- Prior to this presentation to council, RES Group had conducted preliminary site research and contacted landowners independently.
- This presentation was received by Council for information purposes only.
- The project is being planned and managed by the project proponents.
- The presentation can be viewed here: [RM of Rosedale Council Meeting - February 2026](#) beginning just after the 59:00-minute mark. The document is here: <https://rosedale.allnetmeetings.com/pubs/download.aspx?ty=ag&agid=CCBF535E-F0B0-4960-96F6-6896A7EA0FF8&atid=B0B552A2-3FFC-427A-BF7D-DF8DB4D5CFA5>

April 15, 2026

RES Group held an Open House in Polonia.

- The material from the open house (info boards and preliminary map) are also available on the site here: [Polonia Open House – April 15, 2026 - Fleury Winds](#)
